ABOUT

Creative and versatile developer and designer skilled in web development, UI/UX design, and app development, with a strong passion for video editing and graphic design. I combine technical expertise with creative problem-solving to build intuitive digital experiences and visually engaging content.

EDUCATION

B.E. Computer Science and Engineering | Rajalakshmi Institute of Technology | *2024–2028*
- Building strong fundamentals in computer science, programming, and software development.
- Developing skills in web development, application design, and UI/UX through practical projects.
- Exploring emerging technologies while combining technical knowledge with creative problem-solving.

High School | *DAV Senior Secondary School* | *2010–2024*
- Built a strong academic foundation in analytical thinking, logical reasoning, and problem-solving.
- Developed an interest in technology, design, and creative pursuits.

ACHIEVEMENTS

2nd Place — Designathon | *RIT IMS with SWOT Analysis*
- Delivered a smart campus platform with a SWOT analysis model, role-based access for 3 user types, timetable, feedback form, PDF export, and classroom-booking workflows.
- Stack: React, Python, Spring Boot (Java 21), JavaScript, Docker; deployed on Vercel.

Participant — Gameathon | *24-Hour Inter-Institutional Hackathon for Game Development, RIT Chennai*
- Built and presented a functional game prototype in 24 hours.

PROJECTS

College IMS with SWOT Analysis — *React, Python, Spring Boot (Java 21), JavaScript, Docker*
- Smart campus platform with SWOT analysis, role-based access for 3 user types, timetable, feedback, PDF export, and classroom booking; deployed on Vercel.

Dungeon Dash — Godot 4 Game — *Godot 4, GDScript*
- 2D game featuring responsive movement, combat, enemy finite-state machines, and predictive multi-phase boss AI with phase transitions, combo attacks, lunge behavior, and centralized damage handling.

Agentic AI for Video Editing & Content Creation — *AI agents, plugins*
- AI agent designed to cut raw footage and edit videos from natural-language prompts; includes multiple plugins and 12 specialized agents for different tasks.

Edit Style Finder — *LLM, social-media data*
- LLM concept trained on social-media data to identify editing styles and break down the patterns and core techniques used in an uploaded video.

TECHNICAL SKILLS

Languages: Python, Java, JavaScript, C/C++, SQL
Frontend: React, Next.js, Vite, Tailwind CSS, React Router, HTML
Backend: FastAPI, Spring Boot, Node.js, Docker, REST APIs
Databases: PostgreSQL, MySQL, SQLite, Firebase/Firestore, Supabase, Kaggle
Tools: Git, Docker, Vercel, Godot 4

EXTRA-CURRICULAR

Design Head — Artist League Club, RIT: Leads design and editing, social media management, and content ideation.
Graphic Designer — Yuva Club, RIT: Created posters promoting awareness and student engagement.
Freelance Video Editor: Edited videos for multiple clients and professional companies, meeting their creative requirements.
